M. RANA

FULL STACK WEB DEVELOPER

OVERVIEW

I'm a 24 years old self motivated Web Developer who has built websites of different taste and purpose.Over the last few years I've gained a lot of experience in working different programming languages and frameworks.I'm well known about Digital Ocean and AWS and deployed several websites/apps there.For development I'm using MacOS as my primary Operating System and using all modern tools for day to day tasks.A Homestead powered vagrant box is serving my daily develpment environment smoothly.
I learn fast, adopt early and continuously explore for novelty.I'm a team player and like to take every single challange.
